Megan Chen

(425)-233-2767 | meganchen@utexas.edu | Github: meganchen1996 | www.megan.tech

Education:
- **University of Texas at Austin**, BS Computer Science   *2014 — May 2018 (expected)*
- **Relevant coursework:**
    - Data Structures, Discrete Math, Computer Architecture, Principles of Computer Systems, Computer Networks, Algorithms, Object Oriented Programming

Skills/Experiences:
- *Proficient in:* Java
- *Experience in:* Scala, C, HTML/CSS, Javascript (ReactJS), Redux, git, Mercurial, Linux shell, CMake

Work Experience:
- **Twitter** *Software Engineering Intern*   *May — August 2016*
    - Ads Experience Team — Core Ads
    - Developed a full stack account feature to allow ad campaign edits from ads dashboard without sending users into a separate campaign form.
    - Worked with Ads API team, Core Ads, product and design to design implementation of the feature.
    - Worked in Scala, ReactJS, Redux
- **Ravenna Solutions** *Software Engineering Intern*   *May — August 2015*
    - Worked on backend to render forms so that all forms were styled with minimal clean layout and looked uniform
    - Helped develop and integrate query builder/data visualization feature into main production code base
    - Worked in PHP, AngularJS, ReactJS, HTML/CSS
- **Microsoft** *Software Engineering High School Intern*   *June — August 2014*
    - Wrote and set up UX functionality testing framework for Seller Dashboard
    - Wrote UX tests, sign out feature and Cross Site Request Forgery protection
    - Worked in C# with Selenium Webdriver and Fluent Automation

Projects:
- **Gesture Recognition**   *Spring 2015*
    - Implemented gesture recognition on existing segbots in UT robotics research lab using C++ and ROS (Robot Operating System)

Leadership/Activities:
- **Women in Computer Science (WiCS)** *Corporate Liaison*   *May 2015 - present*
    - Introduce and expose WiCS community (500+ members) to different companies, roles and careers
    - Create and maintain WiCS' relationships with 10+ companies and sponsors in Fall 2016
    - Organized and planned events with 5+ sponsors in Fall 2016
    - Co-founded UT-Austin's first all-women's hackathon
- **Freetail Hackers** *Organizer*   *May 2015 - present*
    - Oversees planning of events that further the hacker culture in the University of Texas
    - Oversees the planning of HackTX, a 24 hour hackathon that is attended by 700+ people
- **Mobile App Development (MAD)** *Outreach Director*   *May 2015 - May 2016*
- **University of Texas Computer Science (UTCS)** *Ambassador*   *Jan 2015 - May 2015*
- **Square Code Camp VI** *Attendee*   *Jan 2016*
    - 1 of 20 women engineers from US/Canada selected from 600 applicants to participate in a five day immersion program
    - Participated in a hackathon to connect all generations of Square code campers
    - Utilized Ruby on Rails and implemented password hashing
- **Texas Spacecraft Lab** *Volunteer Developer*   *Fall 2014*
    - Learning C++ and working on GPS component of existing satellite project
